What Is Physical Therapy?

Physical Therapy (PT) is available to patients of all ages to restore function after an illness or injury. PT addresses impairments in balance, range of motion, strength, walking and pain.

What Do I Need In Order To Receive Physical Therapy?

You should visit your physician to see if physical therapy is right for you. If PT is appropriate, your physician will give you a prescription for therapy. Call **(419) 949-3086** or visit us at the office to schedule your evaluation by a Licensed Physical Therapist.

Staff, including Physical Therapists and Physical Therapy Assistants, provide care for the areas of:

- Acute Care/Inpatient
- Swing Beds
- Home Health
- Outpatient

An Athletic Trainer also provides care for patients and free sport injury screenings to high school athletes by appointment.

Who Is Covered?

Morrow County Hospital accepts most insurances. Office staff will verify and explain coverage and copayments on your first visit.

Common Diagnoses Treated:

- *Stroke*
 - *Orthopedic Surgeries*
 - *Total Joint Replacements*
 - *Sports Injuries*
 - *Balance Issues and Falls*
 - *Dizziness and Vertigo*
 - *Sprains, Strains and Fractures*
 - *Degenerative Disease – Arthritis*
 - *Back Pain*
 - *Pediatrics*
 - *General Weakness*
 - *Other*
- 

A plan of care will be established for each individual at their first visit.

We focus on strengthening activities, stretching and balance depending on your diagnosis. Modalities of heat, cold, electrical stimulation, ultrasound and traction are incorporated to help control pain and inflammation. We aim to educate and return you to maximum potential.

Phase II Program

This maintenance program is designed to allow patients to continue physical therapy exercise following a formal discharge. There is a program fee of **\$25 per month** to use the facility.

If you have any questions regarding physical therapy, please feel free to contact Morrow County Hospital Rehab Services – **(419) 949-3086**.
