**Morrow County Hospital Home Health Named to
Top 25% National 2011 HomeCare Elite**

Morrow County Hospital Home Health has been named to the 2011 HomeCare Elite, a compilation of the top-performing home health agencies in the United States. The HomeCare Elite identifies the **top 25 percent** of agencies nationwide by the benchmarking vendor Outcome Concepts Systems (OCS). Winners are ranked by an analysis of performance measures in quality outcomes, process measure

implementation, and financial performance.

“Being named to the prestigious HomeCare Elite is quite an accomplishment and reflects the commitment of the Home Health staff to quality patient care”, said Jayne Monk, RN, Home Health Manager. “It requires a team effort from nursing care, physical therapy, occupational and speech therapy services.” Morrow County Hospital Home Health is to be congratulated for being “on the **TOP 25%** list.”
