AMBULATORY SERVICES

Nursing Services

Services are provided by registered nurses in the Medical Specialty Center of Morrow County and can be a cost-effective alternative for patients by decreasing wait times for therapies and shortening inpatient hospital admissions for the following services:

- + Bladder scans
- + Intramuscular and subcutaneous injections
- + Lab draws from ports and PICC lines
- + PICC line removal
- + Routine flush of ports, central lines and PICC lines
- + Urinary catheterization insertion, removal or changes, including super pubic catheters
- + Suture or staple removal
- + Therapeutic phlebotomies
- + Voiding trials
- + Wound dressing changes

Patients must have a referral or order from their provider.

To schedule an appointment or for more information, call (419) 949.3073.
